

## **Honour Roll Preface**

The Honour Roll on this Site shows the Lists of Veterans, Fallen and POWs, for Australian, UK and Polish Rats of Tobruk.

The Lists on this Site come from the National ROTA Database, created by Owen Carlton.

The Data shown on this Honour Roll has come from many sources:-

- Service Records viewable at NAA, ROT Newsletters, Red Cross POW records, Commonwealth War Graves records, ROTA History records & other Evidence, for confirmation of Service as a Rat of Tobruk.
- Brigade and Unit War Diaries from the AWM.

Contrary to all efforts being made to do so, the Author of this Site cannot guarantee the integrity of all Data shown on the Honour Roll, because not all Service Records of Individuals are viewable online at NAA for Verification of Service as a Rat of Tobruk.

The Content of the Honour Roll is a constant work in progress; as information comes to hand adjustments will be made accordingly.

If Errors or Omissions are found to be present, please contact the Author (Contact Menu) and attempts will be made to correct Errors or to add additional Rats of Tobruk to the National ROTA Database.
